Communications:

No Current Communications

Committee Reports:

No current Committee Reports

Old Business: Fire Rescue Products is to be contacted about giving invoice for old MSA SCBA's so they can be either sold or discarded off inventory of relief This is tasked to Hector Morales

New Business:

The email request was sent by member Robert Pomeroy who has requested to keep his current in use helmet. The helmet in question is past the NFPA compliance recommendation of 10 years. Robert offers to buy a brand-new replacement helmet to replace his current in use helmet if necessary. Two items have come of concern the first is the if the item is removed from inventory and discarded and the member keeps it as a keep's sake, due to the nature of the fire department the helmet could carry many years of carcinogens or other health issue related items. A release of liability form would need to be filled out for this item to be removed and discarded. The second issue is that of the cost of replacement and future impact for future requests.

For the good of the association:

None

Adjournment:

Motion to adjourn 1st Hector Morales 2nd Don Dye
